# Karl Li (Li Hong)

**Product & Team Manager · Customer Success · Applied AI**

lihong.karl@gmail.com · +65 9819 9854 · linkedin.com/in/lihongkarl · Singapore Citizen

## SUMMARY

Product and team leader with 15 years of experience delivering technology solutions across banking, infrastructure, robotics and government. Leads 20 product managers and developers on a S$2M annual budget, builds first versions hands-on with Claude, and supports users through adoption until solutions are fully embedded. Native in English and Mandarin, and equally comfortable working with Chinese and Singapore customers.

## HIGHLIGHTS

- **S$18M+ delivered** across 11+ projects; **8+ years** in leadership roles, with teams spread across five countries.
- **AI adoption:** moved the EDB team to an AI-first development lifecycle; shipped an agentic, source-citing knowledge platform for the marketing team.
- **User outcomes:** HR platform used by ~850 staff, with 85% less time on HR tasks (12 screens cut to 3).
- **Customer ownership:** as a founder, sold ~60 robot arms for ~S$3.8M revenue, from first call to after-sales support.
- **Customer experience:** NPS programme at Barclays improved the customer service acceptance rate by over 50%.

## EXPERIENCE

**Product & Team Manager** · Singapore Economic Development Board (EDB) · Dec 2019 – Present
- Lead 20 product managers and developers on a S$2M annual budget, focused on coaching, performance and growing the team.
- Serve internal customers in HR, finance, internal audit, IT, marketing and brand; joined as project manager.
- 2026: HR workflow platform complementing Workday (~850 users), office services super-app for ~800 staff, and an agentic marketing knowledge platform (live).

**CEO & Co-Founder** · Inrovo Pte Ltd (robotics) · Dec 2017 – Nov 2019
- Sole Singapore distributor of Franka Emika robot arms; customers included Dyson, A*STAR I2R, NUS, NTU, SUTD and SUSS.
- Managed the full customer cycle: prospecting, proposals, quotation, closing, delivery and after-sales support.
- Built a cloud ROS training platform on Kubernetes with a 6-person team in China; added voice control via an A*STAR licence.

**Senior Service Manager (pre-sales & delivery)** · Huawei · Jan – Dec 2017
- Proposed infrastructure solutions with sales and led a 5-person team delivering and supporting them under maintenance contracts.
- Built the full trading infrastructure for a new exchange in Singapore in 6 months (S$3–4M).
- Customers included DBS, OCBC, UOB, SMBC and Bank of China.

**IT Project Manager** · Barclays PLC · Sep 2012 – Dec 2016
- Led 20 developers across the UK, Lithuania, Singapore and India, working directly with business users.
- Led the Visa and Mastercard stream of a 2-year credit card migration to VisionPLUS; integrated FICO and Instinct fraud detection.
- Ran an NPS customer feedback programme with Ipsos.

**Future Leaders Development Programme** · Barclays PLC · Sep 2011 – Aug 2013
- Four rotations across IT, ending in project management; built a storage provisioning portal saving 60 man-days a month.
